SULZER COURT HEARS ORATORY

Opposing Lawyers Sum Up in Impeachment Case.

MAY TAKE VOTE SATURDAY

Indications Are, However, That Court Will Adjourn Until Next Tuesday. Alton B. Parker Denounces Governor or as No Longer Fit to Hold Office and Louis Marshall Assails Motives of Sulzer's Accusers.

Albany, N. Y., Oct. 10.—Fifty thousand words of legal argument—scathing denunciation of Governor William Sulzer on the one side and of his accusers on the other—delivered by opposing counsel, brought a verdict in the trial of the impeached executive one day nearer.

Another day will be similarly occupied, at the end of which the high court will go into executive session, it is expected, to determine procedure in deciding the guilt or innocence of the accused. The court probably then will adjourn until Tuesday. There is some talk, however, of taking a vote Saturday.

Each of the eight articles of impeachment will be voted upon separately, it is expected, and there now being fifty-seven members of the court in attendance, thirty-eight yeas will be the necessary two-thirds majority to convict.

What Conviction May Mean.

In the event of conviction a vote probably will be taken as to whether the governor should be removed from office and another as to whether he should be disqualified from holding office in this state hereafter.

Louis Marshall for the defense and Alton B. Parker for the assembly managers occupied the session of the court, Marshall impeaching the motives of those who brought the charges against the governor as based on "passion and caprice," and Parker denouncing the governor as one whom the "uncontradicted proofs which have been spread upon this record" showed was no longer "fit to be the chief executive of this state" and for whom it was "absolutely impossible ever to regain the confidence of the people."

The governor knew, Judge Parker said, "when he signed the statement of campaign contributions, placed before him by his secretary, Louis A. Sarecky, that the statement was untrue."

Parker Plays Governor.

"The man who read that list and examined it," said the attorney, "knew it was not true. It does not help him for the boy Sarecky to say he did the best he could. His master, William Sulzer, knew it was a lie."

Louis Marshall devoted several scathing pages of his address to the testimony of Duncan W. Peck, superintendent of public schools, who swore that Governor Sulzer had asked him to deny under oath that he had given him a \$500 contribution.

Marshall declared that his story was a "brazen counterfeit" and accused Peck of having a strong motive for so testifying, because John A. Hennessy, the governor's special investigator, had unearthed "irregularities of a serious nature" in Peck's department. This evoked a statement from Peck in which he characterized Marshall's attack upon him as a "lie told for pay."

Judge Parker did not finish his address. He dealt only with articles 1, 2 and 6, the "money articles" of the impeachment charges.

LEGISLATION ON MARRIAGE

Question Arises at Protestant Episcopal Convention.

New York, Oct. 10.—Proposed church legislation on marriage and divorce occupied the attention of the house of deputies at the triennial general convention of the Protestant Episcopal church. Discussion of "the tenuous" promulgation of the Roman Catholic church regarding marriage led to a suggestion on the floor that the Episcopal church admit before congress a constitutional amendment prescribing definitely what shall constitute validity of marriage in this country.

The suggestion that the church seek enactment of an amendment to the United States Constitution was made formally by Dr. J. W. Ashton of Olean, N. Y., after discussion of the matter. The resolution and the Ashton amendment were referred to the committee on canons.

ONE RATE FOR MESSAGES

Commissioner Proposes Prepayment of Telegrams and Cablegrams.

Washington, Oct. 10.—Plans for the prepayment from any point of origin in the United States of messages to be sent abroad, where either cable or wireless or both, as well as telegraph are called into service, were taken up at the office of Commissioner Chamberlain of the commerce department's bureau of navigation.

In a general way the plan would provide for a system of accounting by which each company or party interested would receive its proportionate share of the tolls.

UNDERWOOD IS AGAINST REPEAL

House Leader Opposes Amending Tariff Law.

PRESIDENT'S MIND IS OPEN

Ways and Means Committee Chairman Thinks Clause Providing Five Per Cent Discount on Imports in American Ships Is Misunderstood and That It Will Work Out All Right.

Washington, Oct. 10.—Efforts to repeal the 5 per cent tariff discount provision on imports in American ships, which has aroused the state and treasury departments, met a setback with the return to the city of Representative Underwood, chairman of the ways and means committee, original champion of the clause.

After Joseph W. Folk, solicitor of the state department, who advocates repeal of the provision, had talked to Mr. Underwood, he announced that there would be no developments in the matter for several days. It also was stated that President Wilson's mind in the premises still is open.

Mr. Underwood still emphatically favors the provision and had no hesitancy in saying so.

Mr. Underwood said that he believes there is a misconception in the departments regarding the clause and that he believes it will work out advantageously to this country.

SUES A FORMER DIPLOMAT

Woman Seeks Alienation Damages From Charlemagne Tower.

Philadelphia, Oct. 10.—Asserting that she was married to Charlemagne Tower, Jr., June 7, 1911, at New Haven, Conn., Mrs. George Anna Tower, formerly Miss George Burdick, brought suit here against Charlemagne Tower, former ambassador to Germany, for alleged alienation of her husband's affections.

The young woman, who is living here with her mother, Mrs. George A. Burdick, declares that she does not desire pecuniary damages so much as to compel recognition by her husband and his family. She is twenty-eight years old and formerly lived in New Haven. Young Tower is twenty-six and was a junior at Yale when she met him.

The former ambassador or his attorneys refused to discuss the suit.

PRAISES HEROIC SACRIFICE

Wireless Operator Gave Up Life When Vessel Sunk.

Washington, Oct. 10.—Praise of the heroic sacrifice of life made by Donald C. Perkins, the wireless operator on the vessel State, of California, sunk in Alaskan waters some time ago, was contained in letters from Secretary Redfield to Miss Mary R. Perkins, sister of the young man.

"The evidence shows," says the secretary, "that Mr. Perkins was off duty when the vessel struck and presumably in a position where he might have saved his own life. He went, instead, back to his post and relieved his subordinate whom he sent to help clear away the boats. Your brother's life was all too brief but in the heroic act which marked its close he spoke a fine devotion that I trust may long stand for the inspiration of his fellows."

IGNORANT OF HIS REPRIEVE

Negro Disappointed When He Found He Was Not to Be Hung.

Kansas City, Oct. 10.—No one told Wesley Robinson, a negro under sentence of death for the murder of his wife and stepdaughter, that he was not to be hanged, so he made all preparations for the ordeal.

After an hour of waiting a deputy marshal appeared and the negro in a quaking voice asked: "Is you about ready, boss?" "Ready for what?"

"For the—the—uh—hanging!" The deputy marshal then explained that an appeal to the supreme court had acted as a reprieve. Robinson seemed a little disappointed.

Standard Loses in Turkey.

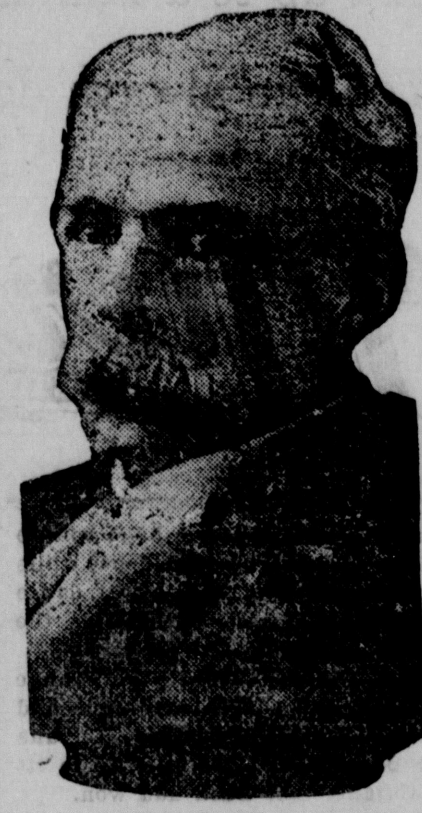

London, Oct. 10.—The Turkish government finally decided not to accept the offer of the Standard Oil company for the acquisition of a petroleum monopoly in Turkey, according to a dispatch to the Standard from Constantinople.

No Union Pacific Melon.

New York, Oct. 10.—The much talked of \$90,000,000 Union Pacific "melon" is not to be "cut" just now. Robert S. Lovett, chairman of the Union Pacific board, issued a statement after a meeting of the directors saying that "circumstances make it inexpedient to deal with this subject at present."

JULIAN HAWTHORNE.

Author Will Be Released From Prison Next Week.

TO FREE HAWTHORNE SOON

Author Has Been Model Prisoner at Atlanta.

Washington, Oct. 10.—Julian Hawthorne, the author, and Dr. Morton, sentenced with him to the Atlanta penitentiary after conviction of complicity in using the mails to defraud, will be free men again next Wednesday, Oct. 15. Both have been model prisoners and with their allowances for good behavior, their terms expire that day.

PRESIDENT WILSON PRESSES BUTTON

Explodes Dynamite Which Destroys Gamboa Dike.

Washington, Oct. 10.—Pressing a button at 2 p. m. Eastern time at the White House, President Wilson released an electric current that traveled overland and under the sea to the Panama canal and exploded a charge of dynamite that destroyed the Gamboa dike.

This dike was the last great physical obstruction to the opening of water communication between the two oceans, although the wreckage of the dike and two earth slides must be cut through before the canal actually can be opened.

Destruction of Gamboa dike was celebrated at the White House and along the Pacific coast. A fleet of dredges will attack the slides as soon as they have cleared the wreckage of the dike and although Colonel Goethals in his telegram to the canal commission made no prediction it is believed it will be possible to have the lighter boats used by the canal diggers to pass from ocean to ocean in a few weeks.

NEVADA FARES UNCHANGED

Court Holds Up Order Reducing Passenger Tariff to Three Cents.

San Francisco, Oct. 10.—Movements in Nevada for lower passenger rates are ended, at least for the present, by the issuance of an order restraining the Nevada state railroad commission from putting into effect an order reducing main and branch line fares from 5 and 4 cents to 3 cents per mile. Judge Farrington of the United States district court, sitting at Carson City, rendered the decision.

The railroads claim that they would have lost about \$1,000,000 annually if the railroad commission's order had been put into effect.

IGNORES GALA BULL FIGHT

President Poincare of France Declines to Attend Event.

Madrid, Oct. 10.—President Raymond Poincare of France, who is now visiting King Alfonso at Madrid, declined to attend a gala bull fight which had been arranged in celebration of the Franco-Spanish festivities. President Poincare is a noted lover of animals.

KILLS LION WITH A ROCK

California Ranchman Had No Chance to Use Rifle.

Los Angeles, Oct. 10.—Edwin Ertlupe, a ranch employe, was found unconscious by fellow workmen beside the carcass of a large mountain lion in the Malibu mountains north of Santa Monica. Although armed with a rifle Ertlupe had no chance to use the weapon when the beast sprang at him. He had killed the animal with a rock. He probably will recover.

Still Looking.

"Alfred, have you got everything?" tenderly inquired Baron Southmount's wife as he started off on a journey. The billionaire burst into tears. "There you go!" he exclaimed. "Always saying things to give me pain. You know very well, in spite of all my efforts, I haven't yet succeeded in getting everything."—London Titbits.

WILSON ANXIOUS FOR MONEY BILL

Thought He Will Use Pressure to Bring About Passage.

TWO DEMOCRATS OPPOSE IT

These With Republican Members Form Majority of Banking and Currency Committee and May Hold Up Measure—May "Build Fires" in Nebraska and Missouri.

By ARTHUR W. DUNN.

Washington, Oct. 10.—[Special.]—Just what pressure President Wilson can bring upon the Democrats of the senate who are opposing the currency program to get the bill out of committee and pass it through the senate has not yet become apparent.

There are no Republican votes in the committee for the bill, and two Democrats, Hitchcock of Nebraska and Reed of Missouri, seem determined to oppose the bill in its present form. With five Republicans these two Democrats make a majority of the banking and currency committee and can defeat action. Senator O'Gorman of New York is not friendly to the bill, but he might vote for some measure in order to help the administration get the bill before the senate.

May "Build Fires."

As a usual thing it is expected that when either body of congress delays action on any measure wanted by a president the people then take a hand and make it hot for the recalcitrant members. "We'll build a fire under that fellow at home," Roosevelt was wont to say when some man stood in the way of what he wanted. Will Wilson build fires in Missouri and Nebraska?

Hitchcock Explains.

Senator Hitchcock says that he does not like the term "insurgent" applied to him because he is taking a pronounced stand against placing the control of rates of interest and volume of currency in the hands of a board appointed by the president and because he opposes other features of the currency bill.

"I do not want to be out of harmony with the president or my party," he said, "but this is a matter of vital importance. And, what is more, the people of my state are behind me in this matter. I know the sentiment there, and they are sustaining me."

Champ's Bouquets.

The closing speech on the tariff bill made by Champ Clark showed how much the speaker appreciated the friendly feeling for him by everybody in the house. He could not refrain from saying kindly words of every man he mentioned, and he didn't smite the Republican party or the Progressive party with his usual sledgehammer blows. He took it out in praise of the Democratic party, expressing the hope that it would remain in power for the next quarter of a century. Then he strayed down all about the house, handing large bouquets to Underwood, Payne, Murdock, Hull of income fame and others.

Will Stay Away.

It is the intention of many members of congress to remain away from Washington until the regular session in December. They say that there is no intention to transact any business and until the senate passes the currency bill there is no need of the house keeping a quorum here.

In the Days of Jackson. Just by chance my eye lighted upon Washington correspondence dated March 4, 1833, which told the story of the inauguration in half a column. The "beautiful skies" were here that day, also the "crowds" and "ladies in colors" just as in these years. But what struck me as interesting was the closing paragraph, which ended the description of the inaugural ceremonies in the old hall of the house and stated, "The ladies to their carriages and to pickpockets to their vacation."

Lincoln For Woman Suffrage.

That the woman suffragists are doing nothing undone which will win votes for them is observed when they unearth a letter written by Abraham Lincoln back in 1836, in which he states that he was for equal suffrage for all whites and does not mean to exclude women. The opponents of suffrage say that Lincoln was then campaigning in his callow years and doing anything to get votes.

They "Found" Simmons.

Nearly every tariff bill develops an unexpected friend of the newspaper men. Twenty years ago Senator Jones of Arkansas turned out to be the man. This year Senator Simmons of North Carolina proved to be the friend of the newspaper men during the days when the conferees were fighting over the differences. He was affable and never turned the correspondents away without something which would make a story for them. He gave them items of agreement when possible and never refused to see them every night after a hard, grilling day, even when he was not in the best of health. Simmons was a discovery. No one expected he was going to make good in a newspaper sense.

BUSH PITCHES GREAT BALL

Holds Giants Down to Five Hits in Third Game.

New York, Oct. 10.—A new star blazed forth in the world's baseball firmament when Leslie Bush pitched the Philadelphia Athletics to victory over the New York Giants in the third game of the championship struggle by a score of 8 to 2.

Bush was materially aided in his rush to a pedestal in the baseball hall of fame by the savage batting of his teammates, but the major portion of the glory was accorded by both fans and players to the youngster who startled the diamond veterans with his speed and control in his debut in a world's series.

So effective was Bush's pitching that the Giants secured but five hits and three of these were of the scratch variety. Result by innings:

HILL CRITICISES CURRENCY MEASURE

Rail Magnate Addresses Bankers' Convention.

Boston, Oct. 10.—James J. Hill attacked the Owen-Glass currency bill in an address before the American Bankers' association. He deplored particularly the opportunity of a federal reserve board to be influenced by political considerations and thought the measure too socialistic. He said in part:

"One serious defect is that the bill will not and cannot do what on its face it proposes to do. It professes to aim at a comprehensive reform of currency and banking by establishing a logical and permanent system. We have never seen that since this government was founded.

"It does not simplify the currency; it does nothing with the greenbacks; it leaves the silver certificates where they are; it proposes to retire the outstanding national bank notes only. In the course of time our currency will be just as confused and unscientific as before. Another failure in frankness at least is the repudiation of the central bank idea in name and the acceptance of it in fact.

"The proposed national and local reserve associations are merely variations on the principle of a central national bank with local branches."

NO QUORUM IN THE HOUSE

Absentees Are Notified by Telegraph to Return.

Washington, Oct. 10.—Four members of the Minnesota delegation now absent from Washington may soon be asked to return to their duties in the house. For the third time this week the house found itself without a quorum and therefore unable to transact business.

Accordingly a resolution was passed revoking all leaves of absence except those granted on account of sickness and directing the sergeant-at-arms to ask the absentees to return. Every absentee has been notified by telegraph that a warrant for his arrest has been issued and all who can be found in Washington who have not reported will be brought to the bar of the house.

Accidentally.

Winnebago, La., Oct. 10.—Fifteen passengers were hurt when four cars of the New Orleans and Northwestern train + No. 503 rolled down an embankment near here. No one + is believed to be mortally injured. It is thought a spread + ing rail caused the accident.

FIFTEEN INJURED.

CYCLONE WRECKS MANY BUILDINGS

WILL URGE STRIKE INQUIRY

Mediator to Recommend Federal Investigation in Colorado.

Denver, Oct. 10.—Commissioner of Mediation Ethelbert Stewart of the federal department of labor will recommend forthwith a congressional investigation of the strike of Colorado coal miners, as the result of a conference held here between the mediator, Governor E. M. Ammons and representatives of the largest coal operating companies.

SPEAKER CLARK HURT.

Washington, Oct. 10.—Speaker Clark returned to Washington severely bruised as the result of a bumping received in a sleeping car in the Pittsburgh railroad yards. Though he was not seriously injured the speaker had a narrow escape when an engine crashed into his car. He was thrown heavily against the headboard of his berth and suffered bruises over his right eye.

MITCHELL MUST REST VOICE

Mayorality Candidate Has Been Talking Too Much.

New York, Oct. 10.—John Purroy Mitchell, fusion nominee for mayor, had to give up speaking because his voice failed. Two specialists were summoned and he was warned to take extreme precautions during the next week or two. To meet emergencies, should his voice go back on him in the future, phonographic records of some of his speeches are to be made.

RAT WITH BUBONIC PLAGUE

Seattle Building to Be Razed Following Discovery.

Seattle, Wash., Oct. 10.—A two story frame structure known as the "old Seattle hotel," on the waterfront, is to be demolished because a rat found to be infected with bubonic plague germs was caught in the building. The order to destroy the structure was issued by Dr. J. E. Crichton, commissioner of health, and adjoining buildings also may be razed.

MAY INVOLVE 12,000 MEN

Umbrella Handle and Stickmaker's Union on Strike.

New York, Oct. 10.—Taking advantage of a rainy spell the United Umbrella Handle and Stickmaker's union has started a strike which is declared will bring out 6,000 silversmiths and 6,000 umbrella makers in sympathy. The strikers demand recognition of their union, shorter hours, increased wages, sanitary shops and the abolition of piece work.

Terrific Storm Sweeps Over Custer County, Neb.

NUMBER OF PEOPLE INJURED

While Incomplete Reports Show No Loss of Human Life the Property Damage Will Be Enormous—Many Horses, Cattle and Hogs Are Killed by the Tornado.

Broken Bow, Neb., Oct. 10.—An October tornado tore its way through Custer county, striking Broken Bow, the county seat, a glancing blow and doing only minor damage here, but wrecking many buildings and injuring a number of people in the country districts. So far as reported no one was killed. In the McCaslin home, eight miles north of Broken Bow, two members of the family were injured. Several men, members of Arthur Bevington's family, near Sargent, were hurt, how seriously is not known.

Many horses, cattle and hogs were killed by the storm and the property loss is believed to be heavy.

Reports indicate that the storm developed near Lodi and cut across the country from the southwest to the northeast in a path varying from a quarter of a mile to a mile wide. It had all the characteristics of a tornado, being a whirling wind of great force. Telegraph and telephone wires are down.

Sargent is reported to have been in the direct path of the storm and extensively damaged, but nothing definite has come from there. Near Lodi many houses and barns were destroyed, but it is believed there was no loss of life.

In Broken Bow the damage was confined chiefly to the fair grounds, where all the buildings were wrecked.

SEVERE STORM IN KANSAS

Farm Buildings Destroyed and Live Stock Killed.

Lebanon, Kan., Oct. 10.—A tornado which passed within half a mile of Lebanon destroyed everything in its path, which extended northeast into Southern Nebraska. Five farmhouses and many farm buildings are known to have been destroyed, but all the occupants escaped by seeking places of safety. Several hundred head of live stock are said to have been killed. No town was in the path of the storm. Wire communication is prostrated.

KILLS MOTHER AND SISTER

Boy Also Accidentally Wounds Another Child.

Cloquet, Minn., Oct. 10.—Mrs. Uriel Markula and her ten-year-old daughter, Lempi, were shot and killed and another child, four years old, accidentally wounded when a seven-year-old son of the woman accidentally discharged a shotgun with which he was playing. The family lives on a farm about two miles from Cromwell.

The mother and two children were in the kitchen of the house. It was pointed toward the kitchen when he fired it.

A load of buckshot penetrated the wall.

The father and two sons beside the one who caused the tragedy survive.

FALLS ABOUT TWENTY FEET

Insane Asylum Patient Killed Trying to Escape.

Hastings, Minn., Oct. 10.—John A. Lindahl, an inmate of the state asylum for the insane here, was killed in attempting to escape from the institution.

While the attendants were down stairs at lunch Lindahl made a rope by tying sheets and towels together. He fastened the end to a bed and tried to lower himself to the ground from the second story. The rope broke and he fell about twenty feet. His skull was fractured, his neck broken and several other bones were broken. He was dead when found.

HEARSE CROSSED CONTINENT

Body of Michael Moran Carried 4,200 Miles by Auto.

Yonkers, N. Y., Oct. 19.—The motor hearse containing the body of Michael Moran, who died in San Francisco Aug. 14, reached Yonkers from San Francisco.

SULZER COURT
HEARS ORATORYOpposing Lawyers Sum Up in
Impeachment Case.

MAY TAKE VOTE SATURDAY

Indications Are, However, That Court Will Adjourn Until Next Tuesday. Alton B. Parker Denounces Governor as No Longer Fit to Hold Office and Louis Marshall Assails Motives of Sulzer's Accusers.

Albany, N. Y., Oct. 10.—Fifty thousand words of legal argument—scathing denunciation of Governor William Sulzer on the one side and of his accusers on the other—delivered by opposing counsel, brought a verdict in the trial of the impeached executive one day nearer.

Another day will be similarly occupied, at the end of which the high court will go into executive session, it is expected, to determine procedure in deciding the guilt or innocence of the accused. The court probably then will adjourn until Tuesday. There is some talk, however, of taking a vote Saturday.

Each of the eight articles of impeachment will be voted upon separately, it is expected, and there now being fifty-seven members of the court in attendance, thirty-eight yeas will be the necessary two-thirds majority to convict.

What Conviction May Mean.

In the event of conviction a vote probably will be taken as to whether the governor should be removed from office and another as to whether he should be disqualified from holding office in this state hereafter.

Louis Marshall for the defense and Alton B. Parker for the assembly managers occupied the session of the court, Marshall impeaching the motives of those who brought the charges against the governor as based on "passion and caprice," and Parker denouncing the governor as one whom the "uncontradicted proofs which have been spread upon this record" showed was no longer "fit to be the chief executive of this state" and for whom it was "absolutely impossible ever to regain the confidence of the people."

The governor knew, Judge Parker said, "when he signed the statement of campaign contributions, placed before him by his secretary, Louis A. Sarecky, that the statement was untrue."

Parker Flays Governor.

"The man who read that list and examined it," said the attorney, "knew it was not true. It does not help him for the boy Sarecky to say he did the best he could. His master, William Sulzer, knew it was a lie."

Louis Marshall devoted several scathing pages of his address to the testimony of Duncan W. Peck, superintendent of public schools, who swore that Governor Sulzer had asked him to deny under oath that he had given him a \$500 contribution.

Marshall declared that his story was a "brazen counterfeit" and accused Peck of having a strong motive for so testifying, because John A. Hennessy, the governor's special investigator, had unearthed "irregularities of a serious nature" in Peck's department. This evoked a statement from Peck in which he characterized Marshall's attack upon him as a "lie told for pay."

Judge Parker did not finish his address. He dealt only with articles 1, 2 and 6, the "money articles" of the impeachment charges.

LEGISLATION ON MARRIAGE

Question Arises at Protestant Episcopal Convention.

New York, Oct. 10.—Proposed church legislation on marriage and divorce occupied the attention of the house of deputies at the triennial general convention of the Protestant Episcopal church. Discussion of "the tamer" promulgation of the Roman Catholic church regarding marriage between Catholics and non-Catholics, led to a suggestion on the floor that the Episcopal church agitate before congress a constitutional amendment prescribing definitely what shall constitute validity of marriage in this country.

The suggestion that the church seek enactment of an amendment to the United States Constitution was made formally by Dr. J. W. Ashton of Olean, N. Y., after discussion of the matter. The resolution and the Ashton amendment were referred to the committee on canons.

ONE RATE FOR MESSAGES

Commissioner Proposes Prepayment of Telegrams and Cablegrams.

Washington, Oct. 10.—Plans for the prepayment from any point of origin in the United States of messages to be sent abroad, where either cable or wireless or both, as well as telegrams are called into service, were taken up at the office of Commissioner Chamberlain of the commerce department's bureau of navigation.

In a general way the plan would provide for a system of accounting by which each company or party interested would receive its proportionate share of the tolls.

UNDERWOOD IS
AGAINST REPEALHouse Leader Opposes Amend-
ing Tariff Law.

PRESIDENT'S MIND IS OPEN

Ways and Means Committee Chairman Thinks Clause Providing Five Per Cent Discount on Imports in American Ships is Misunderstood and That It Will Work Out All Right.

Washington, Oct. 10.—Efforts to repeal the five per cent tariff discount provision on imports in American ships, which has aroused the state and treasury departments, met a setback with the return to the city of Representative Underwood, chairman of the ways and means committee, original champion of the clause.

After Joseph W. Folk, solicitor of the state department, who advocates repeal of the provision, had talked to Mr. Underwood, he announced that there would be no developments in the matter for several days. It also was stated that President Wilson's mind in the premises still is open.

Mr. Underwood still emphatically favors the provision and had no hesitancy in saying so.

Mr. Underwood said that he believes there is a misconception in the departments regarding the clause and that he believes it will work out advantageously to this country.

SUES A FORMER DIPLOMAT

Woman Seeks Alienation Damages
From Charlemagne Tower.

Philadelphia, Oct. 10.—Asserting that she was married to Charlemagne Tower, Jr., June 7, 1911, at New Haven, Conn., Mrs. George Anna Tower, formerly Miss Burdick, brought suit here against Charlemagne Tower, former ambassador to Germany, for alleged alienation of her husband's affections.

The young woman, who is living here with her mother, Mrs. George A. Burdick, declares that she does not desire pecuniary damages so much as to compel recognition by her husband and his family. She is twenty-eight years old and formerly lived in New Haven. Young Tower is twenty-six and was a junior at Yale when she met him.

The former ambassador or his attorneys refused to discuss the suit.

PRAISES HEROIC SACRIFICE

Wireless Operator Gave Up Life
When Vessel Sunk.

Washington, Oct. 10.—Praise of the heroic sacrifice of life made by Donald C. Perkins, the wireless operator on the vessel State of California, sunk in Alaskan waters some time ago, was contained in letters from Secretary Redfield to Miss Mary R. Perkins, sister of the young man.

"The evidence shows," says the secretary, "that Mr. Perkins was of duty when the vessel struck and presumably in a position where he might have saved his own life. He went, instead, back to his post and relieved his subordinate whom he sent to help clear away the boats. Your brother's life was all too brief but in the heroic act which marked its close he spoke a fine devotion that I trust may long stand for the inspiration of his fellows."

IGNORANT OF HIS REPRIEVE

Negro Disappointed When He Found
He Was Not to Be Hung.

Kansas City, Oct. 10.—No one told Wesley Robinson, a negro under sentence of death for the murder of his wife and stepdaughter, that he was not to be hanged, so he made all preparations for the ordeal.

After an hour of waiting a deputy marshal appeared and the negro in a quaking voice asked:

"Is you about ready, boss?"

"Ready for what?"

"For the—the 'uh—hangin'."

The deputy marshal then explained that an appeal to the supreme court had acted as a reprieve. Robinson seemed a little disappointed.

Standard Loses in Turkey.

London, Oct. 10.—The Turkish government finally decided not to accept the offer of the Standard Oil company for the acquisition of a petroleum monopoly in Turkey, according to a dispatch to the Standard from Constantinople.

No Union Pacific Melon.

New York, Oct. 10.—The much talked of \$90,000,000 Union Pacific "melon" is not to be "cut" just now. Robert S. Lovett, chairman of the Union Pacific board, issued a statement after a meeting of the directors saying that "circumstances make it inexpedient to deal with this subject at present."

Washington, Oct. 10.—Julian Hawthorne, the author, and Dr. Morton, sentenced with him to the Atlanta penitentiary after conviction of complicity in using the mails to defraud, will be free men again next Wednesday, Oct. 15. Both have been model prisoners and with their allowances for good behavior, their terms expire that day.

PRESIDENT WILSON
PRESSES BUTTONExplodes Dynamite Which De-
stroys Gamboa Dike.

Washington, Oct. 10.—Pressing a button at 2 p. m. Eastern time at the White House, President Wilson released an electric current that traveled overland and under the sea to the Panama canal and exploded a charge of dynamite that destroyed the Gamboa dike.

This dike was the last great physical obstruction to the opening of water communication between the two oceans, although the wreckage of the dike and two earth slides must be cut through before the canal actually can be opened.

Destruction of Gamboa dike was celebrated at the White House and along the Pacific coast.

A fleet of dredges will attack the slides as soon as they have cleared the wreckage of the dike and although Colonel Goethals in his telegram to the canal commission made no prediction it is believed it will be possible to have the lighter boats used by the canal diggers to pass from ocean to ocean in a few weeks.

NEVADA FARES UNCHANGED

Court Holds Up Order Reducing Pas-
senger Tariff to Three Cents.

San Francisco, Oct. 10.—Movements in Nevada for lower passenger rates are ended, at least for the present, by the issuance of an order restraining the Nevada state railroad commission from putting into effect an order reducing main and branch line fares from 5 and 4 cents to 3 cents per mile. Judge Farrington of the United States district court, sitting at Carson City, rendered the decision.

The railroads claim that they would have lost about \$1,000,000 annually if the railroad commission's order had been put into effect.

President Poincare of France De-
clines to Attend Event.

Madrid, Oct. 10.—President Raymond Poincare of France, who is now visiting King Alfonso at Madrid, declined to attend a gala bull fight which had been arranged in celebration of the Franco-Spanish festivities. President Poincare is a noted lover of animals.

KILLS LION WITH A ROCK

California Ranchman Had No Chance
to Use Rifle.

Los Angeles, Oct. 10.—Edwin Erlupe, a ranch employe, was found unconscious by fellow workmen beside the carcass of a large mountain lion in the Malibu mountains north of Santa Monica. Although armed with a rifle Erlupe had no chance to use the weapon when the beast sprang at him. He had killed the animal with a rock. He probably will recover.

WILSON ANXIOUS
FOR MONEY BILLThought He Will Use Pressure
to Bring About Passage.

TWO DEMOCRATS OPPOSE IT

These With Republican Members Form Majority of Banking and Currency Committee and May Hold Up Measure—May "Build Fires" in Nebraska and Missouri.

By ARTHUR W. DUNN.

Washington, Oct. 10.—[Special.]—Just what pressure President Wilson can bring upon the Democrats of the senate who are opposing the currency program to get the bill out of committee and pass it through the senate has not yet become apparent.

There are no Republican votes in the committee for the bill, and two Democrats, Hitchcock of Nebraska and Reed of Missouri, seem determined to oppose the bill in its present form. With five Republicans these two Democrats make a majority of the banking and currency committee and can defeat action. Senator O'Gorman of New York is not friendly to the bill, but he might vote for some measure in order to get the administration get the bill before the senate.

May "Build Fires."

As a usual thing it is expected that when either body of congress delays action on any measure wanted by a president the people then take a hand and make it hot for the recalcitrant members. "We'll build a fire under that fellow at home," Roosevelt went to say when some man stood in the way of what he wanted. "Will Wilson build fires in Missouri and Nebraska?"

Hitchcock Explains.

Senator Hitchcock says that he does not like the term "insurgent" applied to him because he is taking a pronounced stand against placing the control of rates of interest and volume of currency in the hands of a board appointed by the president and because he opposes other features of the currency bill.

"I do not want to be out of harmony with the president or my party," he said, "but this is a matter of vital importance. And, what is more, the people of my state are behind me in this matter. I know the sentiment there, and they are sustaining me."

Champ's Bouquets.

The closing speech on the tariff bill made by Champ Clark showed how much the speaker appreciated the friendly feeling for him by everybody in the house. He could not refrain from saying kind words of every man he mentioned, and he didn't smite the Republican party or the Progressive party with his usual sledgehammer blows. He took it out in praise of the Democratic party, expressing the hope that it would remain in power for the next quarter of a century. Then he strewed flowers all about the house, handing large bouquets to Underwood, Payne, Murdock, Hull of income fame and others.

Will Stay Away.

It is the intention of many members of congress to remain away from Washington until the regular session in December. They say that there is no intention to transact any business and until the senate passes the currency bill there is no need of the house keeping a quorum here.

In the Days of Jackson.

Just by chance my eye lighted upon Washington correspondence dated March 4, 1833, which told the story of the inauguration in half a column. The "beautiful skies" were here that day, also the "crowds" and "ladies in colors" just as in these years. But what struck me as interesting was the closing paragraph, which ended the description of the inaugural ceremonies in the old hall of the house and stated, "The crowd then began to disperse, the ladies to their carriages, and the pickpockets to their vocation."

Lincoln For Woman Suffrage.

That the woman suffragists are doing nothing undone which will win votes for them is observed when one unearths a letter written by Abraham Lincoln back in 1836, in which he wrote that he was for equal suffrage for all whites and does not mean to exclude women. The opponents of suffrage say that Lincoln was then campaigning in his callow years and doing anything to get votes.

They "Found" Simmons.

Nearly every tariff bill develops an unexpected friend of the newspaper men. Twenty years ago Senator Jones of Arkansas turned out to be the man. This year Senator Simmons of North Carolina proved to be the friend of the newspaper men during the days when the conferees were fighting over the differences. He was affable and never turned the correspondents away without something which would make a story for them. He gave them items of agreement when possible and never refused to see them every night after a hard, grilling day, even when he was not in the best of health. Simmons was a discovery. No one expected he was going to make good in a newspaper sense.

BUSH PITCHES GREAT BALL

Holds Giants Down to Five Hits in
Third Game.

New York, Oct. 10.—A new star blazed forth in the world's baseball firmament when Leslie Bush pitched the Philadelphia Athletics to victory over the New York Giants in the third game of the championship struggle by a score of 8 to 2.

Bush was materially aided in his rush to a pedestal in the baseball hall of fame by the savage batting of his teammates, but the major portion of the glory was accorded by both fans and players to the youngster who startled the diamond veterans with his speed and control in his debut in a world's series.

So effective was Bush's pitching that the Giants secured but five hits and three of these were of the scratch variety. Result by innings:

HILL CRITICISES
CURRENCY MEASURERail Magnate Addresses Bank-
ers' Convention.

Boston, Oct. 10.—James J. Hill attacked the Owen-Glass currency bill in an address before the American Bankers' association. He deplored particularly the opportunity of a federal reserve board to be influenced by political considerations and thought the measure too socialistic. He said in part:

"One serious defect is that the bill will not and cannot do what on its face it proposes to do. It professes to aim at a comprehensive reform of currency and banking by establishing a logical and permanent system. We have never seen that since this government was founded.

"It does not simplify the currency; it does nothing with the greenbacks; it leaves the silver certificates where they are; it proposes to retire the outstanding national bank notes only. In the course of time our currency will be just as confused and unscientific as before. Another failure in frankness at least is the repudiation of the central bank idea in name and the acceptance of it in fact.

"The proposed national and local reserve associations are merely variations on the principle of a central national bank with local branches."

NO QUORUM IN THE HOUSE

Absentees Are Notified by Telegraph
to Return.

Washington, Oct. 10.—Four members of the Minnesota delegation now absent from Washington may soon be asked to return to their duties in the house. For the third time this week the house found itself without a quorum and therefore unable to transact business.

Accordingly a resolution was passed revoking all leaves of absence except those granted on account of sickness and directing the sergeant-at-arms to ask the absentees to return. Every absentee has been notified by telegraph that a warrant for his arrest has been issued and all who can be found in Washington who have not reported will be brought to the bar of the house.

FIFTEEN INJURED.

Winnebago, La., Oct. 10.—Fifteen passengers were hurt when four cars of the New Orleans and Northwestern train No. 503 rolled down an embankment near here. No one is believed to be mortally injured. It is thought a spreading rail caused the accident.

M. Ammons and representatives of the largest coal operating companies.

SPEAKER CLARK HURT.

Washington, Oct. 10.—Speaker Clark returned to Washington severely bruised as the result of a bumping received in a sleeping car in the Pittsburgh railroad yards. Though he was not seriously injured the speaker had a narrow escape when an engine crashed into his car. He was thrown heavily against the headboard of his berth and suffered bruises over his right eye.

MITCHELL MUST REST VOICE

Mayorality Candidate Has Been Talk-
ing Too Much.

New York, Oct. 10.—John Purroy Mitchell, fusion nominee for mayor, had to give up speaking because his voice failed. Two specialists were summoned and he was warned to take extreme precautions during the next week or two. To meet emergencies, should his voice go back on him in the future, phonographic records of some of his speeches are to be made.

Terrific Storm Sweeps Over Cus-
ter County, Neb.

NUMBER OF PEOPLE INJURED

While Incomplete Reports Show No Loss of Human Life the Property Damage Will Be Enormous—Many Horses, Cattle and Hogs Are Killed by the Tornado.

Broken Bow, Neb., Oct. 10.—An October tornado tore its way through Custer county, striking Broken Bow, the county seat, a glancing blow and doing only minor damage here, but wrecking many buildings and injuring a number of people in the country districts. So far as reported no one was killed. In the McCaull home, eight miles north of Broken Bow, two members of the family were injured. Several men, members of Arthur Bevington's family, near Sargent, were hurt, how seriously is not known.

Many horses, cattle and hogs were killed by the storm and the property loss is believed to be heavy.

Reports indicate that the storm developed near Lodi and cut across the country from the southwest to the northeast in a path varying from a quarter of a mile to a mile wide. It had all the characteristics of a tornado, being a whirling wind of great force. Telegraph and telephone wires are down.

Sargent is reported to have been in the direct path of the storm and extensively damaged, but nothing definite has come from there. Near Lodi many houses and barns were destroyed, but it is believed there was no loss of life.

In Broken Bow the damage was confined chiefly to the fair grounds, where all the buildings were wrecked.

SEVERE STORM IN KANSAS

Farm Buildings Destroyed and Live
Stock Killed.

Lebanon, Kan., Oct. 10.—A tornado which passed within half a mile of Lebanon destroyed everything in its path, which extended northeast into Southern Nebraska. Five farmhouses and many farm buildings are known to have been destroyed, but all the occupants escaped by seeking places of safety. Several hundred head of live stock are said to have been killed. No town was in the path of the storm. Wire communication is prostrated.

KILLS MOTHER AND SISTER

Boy Also Accidentally Wounds An-
other Child.

Cloquet, Minn., Oct. 10.—Mrs. Uriel Markula and her ten-year-old daughter, Lempi, were shot and killed and another child, four years old, accidentally wounded when a seven-year-old son of the woman accidentally discharged a shotgun with which he was playing. The family lives on a farm about two miles from Cromwell.

The mother and two children were in the kitchen of the house. It was pointed toward the kitchen when he fired it.

A load of buckshot penetrated the wall.

The father and two sons beside the one who caused the tragedy survive.

FALLS ABOUT TWENTY FEET

Insane Asylum Patient Killed Trying
to Escape.

Hastings, Minn., Oct. 10.—John A. Lindahl, an inmate of the state asylum for the insane here, was killed in attempting to escape from the institution.

While the attendants were down stairs at lunch Lindahl made a rope by tying sheets and towels together. He fastened the end to a bed and tried to lower himself to the ground from the second story. The rope broke and he fell about twenty feet. His skull was fractured, his neck broken and several other bones were broken. He was dead when found.

Body of Michael Moran Carried 4,200
Miles by Auto.

Yonkers, N. Y., Oct. 19.—The motor hearse containing the body of Michael Moran, who died in San Francisco Aug. 14, reached Yonkers from San Francisco.

The trip across the continent began Aug. 28 and ended when the hearse reached Campbell's undertaking establishment at 241 West Twenty-third street, Manhattan, where services were held.

The body then was conveyed to Woodlawn for burial.

E. H. Bergh has consented to present H. M. S. Pinafore in the opera house for the benefit of the Episcopal church. He has had considerable experience in home talent plays, and should do well. There will be about 50 in the cast and the choruses. The management will send to Chicago for the costumes and the scenery. The play had 10 years run in London and 4 years in New York and is easily the best musical comedy of its kind put on in the past. The most of the parts have been readily taken by well known local performers and only a few parts are left. Everything points to an unqualified success. Mr. Bergh was formerly of Superior where he established a reputation in the world of music.

Fatty Woods Leads Procession of Excited Fans—Big Bonfires Blazes For Bush

Leslie Bush's great victory caused a whirl of excitement in Brainerd last night. Telegrams of congratulation, one headed by George D. LaBar, another gathered up by D. A. Peterson and Arthur C. Robertson and others with 106 names, one from the Brainerd Dispatch force, others by citizens individually were sent him last night and in the morning. Everybody was congratulated. Bush, Bender and Connie Mack.

Fans of Cuyuna led by "Frosty" Thomas and R. W. Wedgewood, cashier of the First State bank, wired their congratulations to Bush.

Tom Considine, manager of the Brainerd baseball club, received the following telegram: "Extend congratulations to fans on great game pitched by Bush." Signed, the Little Falls Fans.

Out at International Falls last night the victory was received with rejoicing. The fans got out a big banner and a lot of bunting and decorated the train of Conductor J. W. Bush, father of the young pitcher. The banner read, "International Falls for Bush." It is now on display at the Coffrain & Cook barber shop.

Crowds paraded the streets of Brainerd. A mob of tooting, cheering, howling fans led by "Fatty" Woods, life-long pal of Bush, paraded the down town streets.

Mayor R. A. Henning sent a telegram congratulating Bush and Bender in behalf of the city. He declared Thursday a holiday in Brainerd.

The committee of 106 sent the following telegram: "The undersigned extend hearty congratulations for your victory today, and also the work of your side partner, Bender, both of Brainerd. The old town is and will be wide open in celebration 'you know how.' An invitation is extended to you and Bender to come to Brainerd as soon as released, when the celebration will be completed."

Eddie Murphy, Tom Considine and Alderman Art Lagerquist supplied the

fans with material for a huge bonfire and it was set off near the depot while the mob of fans danced a war dance around the flames. Afterwards the fire department doused the blaze.

Autos whirled about the range loaded to the guards with fans and visiting Crosby, Deerwood, Cuyuna and Barrows and proclaiming to its inhabitants that Bush had won.

The Northern Pacific railway shops worked in spasms between reports of the game.

At the family home on Fir street, Mrs. Bush, mother of the pitcher, heard reports of the game. She was overjoyed at the victory. "I knew Leslie would win," she said. "He'd do anything to please Connie Mack."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. There will be about 50 in the cast and the choruses. The management will send to Chicago for the costumes and the scenery. The play had 10 years run in London and 4 years in New York and is easily the best musical comedy of its kind put on in the past. The most of the parts have been readily taken by well known local performers and only a few parts are left. Everything points to an unqualified success. Mr. Bergh was formerly of Superior where he established a reputation in the world of music.

The "Athenian" Tango Twins will soon be here. Watch tomorrow's Dispatch for definite date.—Adv.

Tonight "Prince of Tonight"
"The Prince of Tonight," coming to the Brainerd opera house tonight is imaginative, melodious, regally arrayed and in point of color, light movement and melody almost beyond imagination. Its changes of costume and scene are bewildering in their frequency—and the final picture—an alfresco banquet with banks of flowers and lights—is as brilliant a moment of spectacle as one could desire. It is here that the prettiest song in the play happens—a voluptuous, undulating affair called "You're A Dear Old World After All," in which there is all the melodious swing and sway of the Viennese importations which it resembles.

THE BUSH GAME IN DETAIL

Bush, the Brainerd Phenom, Holds Down the Giants to Five Hits and Wins the Game

BUSH PURES IN DOUBLE PLAY

The McGraw Men Surprised by Bush Pitching and Succumb to His Terrific Speed

Hal Sheridan's account of the Bush game is herewith given in detail as published in the St. Paul Daily News. The sluggers have triumphed once and the old master evened up by yesterday's game, the third argument between the Athletics and Giants was to be solved this afternoon. When the smoke has blown away, Connie Mack's answer as to what he will do after Bender and Plank had put in their work, will be in.

Thirty thousand wild-eyed fans were packed in the Polo grounds when time was called. Mack's younger pitchers are unknown in a world's series conflict. If they waver his master mind must solve the problem of manipulation of his battery so that the strongest fire may be concentrated on the Giant advance.

McGraw faces the problem of crippled players. Merkle unexpectedly returned to the game today. If he goes through, his batting will help out. The weather was unsettled. Shortly before play was called it was dark. This promised ideal conditions for Tesreau's fast shoots.

The umpires were: Rieger behind the bat, Connolly on the bases, Klem left field and Egan right field.

Connie Mack sent out Shawkey and Bush to warm up. Plank stood close by and watched their shoots. Mack withheld the announcement of his battery until the last minute. He then chose young Leslie Bush, the Brainerd, Minn., phenom.

FIRST INNING

Athletics—E. Murphy allowed the first ball to float over. It was a strike. Murphy went out, Fletcher to Merkle. His attempt was an easy roller to short. Oldring singled to enter. It was a sharp rap, which Shafer ran in and tried to field. Oldring to third. His hit was a vicious bouncer which Doyle could not reach. Baker swung hard at the first one, but missed. He repeated on the second, with the same result. Baker singled through short, scoring Oldring. Collins taking second. McLean went to the pitcher's box for a conference with Tesreau.

Collins and Baker worked a double steal. They had such a lead on Tesreau's windup that McLean did not attempt to throw. McLean struck out and when McLean dropped the last strike was tossed out to Merkle. Strunk got three balls and then fouled one. He then hit Fletcher and Collins and Baker scored and Strunk reached second on Fletcher's wild throw over Merkle's head. Barry popped to Fletcher.

Three runs, three hits, one error. The Philadelphia fans went wild during the first inning at the way the Athletic battery went to Tesreau. Eff was putting two strikes over on each batter and on his third attempt Oldring, Collins and Baker each connected safely.

Giants—Herzog out, Barry to McLean. He waited for three and two before swinging on one of the Athletic youngster's offerings. Bush gave Doyle two balls, but split the plate with the third. Doyle bounced a hit off Bush's glove, which the pitcher barely was able to knock down, but could not field.

Bush threw to first repeatedly to keep Doyle frozen to first. He was ed into this by an attempted steal by Doyle, which was balked when Fletcher fouled off one. Fletcher was hit by a pitched ball and went to first. Bush gave Burns two straight balls. Both were far from the heart of the plate. Doyle was worrying Bush by dancing off second as though ready to steal. Burns popped to Collins, who tossed to Barry, doubling up Doyle.

No runs, one hit, no errors. Starting off with a good lead of three runs, young Bush was soon in bad hole when he had Doyle and Fletcher on bases with only one out

WORLD'S SERIES BASEBALL SCORE

Special to Dispatch:

Philadelphia, Oct. 10—The Athletics won the fourth game of the world's series by a 6 to 5 score, and it now stands three games for Philadelphia and one for New York.

Result by innings:

N. Y.	0	0	0	0	3	2	0	—5
Phila.	0	1	0	3	2	0	0	—6
N. Y.						r	h	e
Phila.						5	8	2
N. Y.						6	9	—0

Batteries—Demaree and Marquard, Wilson and McLean for New York. Bender and Schang for Philadelphia

Burns up. His control was bad. A fast double play saved him.

SECOND INNING.

Athletics—Schang was called out on strikes. Tesreau outguessed him on the last one. Bush fled to Murphy. Murphy beat out a hit to Fletcher. Tesreau worked him into swinging hard at two before he connected safely. Oldring singled to right, putting Murphy on third. Oldring hit the first ball pitched. Oldring stole second. McLean's throw was too high for Doyle to put the ball on the runner. Collins singled to center, scoring Murphy and Oldring. The stands went wild. Tesreau took his time before pitching to Baker. Doyle and McLean advised with him. Baker forced Collins to Doyle unassisted.

Three runs, three hits, no errors. Doyle made a remarkable one-handed stop of Baker's liner running at full speed. He dashed over to second for the force out. This headed off another threatened batting rally. Giants—Shafer out, Collins to McLean. Murray flew to Collins. It was a high one which just cleared the infield. Collins backed up for it. Bush put the first to McLean squarely over the plate.

Larry swung at the second and missed. The next two were balls. McLean popped a high foul to Schang. No runs, no hits, no errors. This inning Bush began to show some of the form which Connie Mack says he has. His control was better and he split the pan for the Giant batters when they attempted to wait him out. He was cool and was pitching with his head as much as with his arm.

THIRD INNING.

Athletics—McLean fled out to Burns. He hit the first ball pitched. Tesreau appeared to be laboring hard. Strunk fled to Burns.

He waited for two balls and one strike, before hitting. Tesreau threw Barry a ball and then split the pan twice. Barry popped a foul to McLean.

No runs, no hits, no errors. In contrast to the work of Bush, Tesreau appeared to be putting everything he had on every ball he pitched to McLean, Strunk and Barry, who went out in order in the Athletics' half of the third. He had steadied somewhat and his control was better, but it was obvious that he was working hard.

Giants—Merkle flew to Strunk. Bush was still taking it easy. Tesreau was given a hand when he came to bat. Tesreau struck out on three pitched balls.

He swung hard at two and one was called. Herzog kept up a rapid fire of comments directed at Bush. The latter responded by slipping over two strikes on him. Herzog then popped to Collins.

No runs, no hits, no errors. This was the first inning in which the Athletics have failed to score on Tesreau. He disposed of them in order and did not allow a hit. Bush did the same with the Giants.

FOURTH INNING.

Athletics—Schang struck out. He swung hard at the last one. Bush was given a great hand as he came to the plate.

Bush singled to center. Burns ran over and made a hard try at it, but could not quite reach the ball. Murphy fled to Shafer. He hit the first ball pitched. No runs, one hit, no errors.

MOXIE MAHLUM SAW BUSH PITCH

Special to Dispatch:

New York, Oct. 9—Saw Bush pitch the greatest game of his career today. Two of the five hits made off him were but mere scratches. Of the 35,000 people at the game I made as much noise as the other 34,999. The name of Bush is on every tongue here tonight.

MOXIE.

again brought the dread ahead of the batting order up to Tesreau, with one man out. He showed he was going better by disposing of Murphy and Oldring in order.

Giants—Doyle fouled out to Baker, after waiting for two balls and one strike.

Fletcher singled over Bush's head. Bush threw three straight balls to Fletcher and when the crowd began to yell, pulling for a base on balls, he shot over two called strikes. Fletcher nailed the deciding one.

Bush was working very slowly, taking a lot of time on each batter. Burns struck out and on a quick throw to first, Schang nearly caught Fletcher off the bag. Fletcher got back only by a quick slide.

Fletcher stole second, Schang's throw was a little to the left of the base and low, but Barry held it. Shafer out, Collins to McLean.

No runs, one hit, no errors. Fletcher's infield single of the Giants' fourth was the second hit made off Bush up to this point. Neither of the safe knocks had a very healthy complexion. They did not carry a solid crack.

FIFTH INNING.

Athletics—Collins sent a long one to right which went foul only by a few inches. The crowd groaned in sympathy. Collins fled to Murray. Baker fled to Fletcher back of third. McLean fled to Murray.

No runs, no hits, no errors. Collins' foul drive, which went crashing against the concrete wall of the right field stands, was the hardest hit ball of Tesreau. It was easily ticketed for two bases, had Collins drawn the break to bring it over a scant foot into fair territory. This was one of Tesreau's best innings up to this point.

Giants—Murray walked. Bush threw his three straight balls and then split the plate twice. In the meantime the crowd started howling for a base on balls. On the deciding ball Murray went to first. It was the first walk of the day. Murray stole second and Schang threw low to get him and when the ball rolled away from Collins and into right field, Murray took third on Schang's error. McLean hit straight through Baker, scoring Murray. The crowd was rooting and yelling like mad. Cooper runs for McLean.

Merkle fled to Murphy. Cooper stole second. Schang did not have the range and his throw was again too high to catch the runner. Tesreau out, Baker to McLean, Schang taking third, Herzog out, Cooper to McLean. One run, one hit, one error.

Bush found himself in a tight place in the fifth when Murray reached second by a steal and then went to third on Schang's bad throw. McLean's single brought Red in and it looked as though the Giant batting rally was about due. He managed to get away with Merkle. Tesreau and Herzog in order, however, and came through with the single run chalked against him. He showed that he had the nerve.

SIXTH INNING.

Athletics—Wilson relieved McLean behind the bat. Strunk fled to Burns. The count was two balls and two strikes before Strunk connected. Barry singled to right. It was his first hit of the game. Schang fouled one into the left field stands. A few feet to the right and he would have pulled a "Baker". Schang sent a high foul to Wilson.

Bush fled to Doyle in short right center.

No runs, one hit, no errors. Wilson gave Tesreau great assistance.

FOOTBALL TOMORROW

High School Plays Crosby at 3 P. M. at the Koering Grounds

Tomorrow

The local high school gridiron warriors will clash with the Crosby eleven at Koering field tomorrow at three o'clock. Crosby has a fast team, defeating Aitkin last Saturday and will come prepared to give a worthy battle. The locals have practiced hard during the week and of course expect to carry off the honors. The locals have won both games played so far defeating Wadena 6 to 0 and Little Falls 18 to 6. The team has a good schedule arranged as follows:

Oct. 11—Crosby at Brainerd.
Oct. 18—Little Falls at Little Falls.
Oct. 25—Wadena at Brainerd.
Nov. 1—Crosby at Crosby.
Nov. 8—Bemidji at Bemidji.
Nov. 15—Not yet filled.
Nov. 22—Not yet filled (possibly St. Cloud.)

A good start has been made for the championship and the gate receipts at home swell the chances for a complete victory in the playing schedule. The same team will line up for the battle Saturday as played last week against Little Falls with the exception of Hagberg, who will be on the job at end.

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" ends Indigestion, Gas, Dyspepsia and Stomach Misery in five minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness of constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Adv't.

THE BUSH GAME IN DETAIL

Bush, the Brainerd Phenom. Holds

BUSH PURES IN DOUBLE PLAY

The McGraw Men Surprised by Bush's
Pitching and Succumb to His
Terrific Speed

Hal Sheridan's account of the Bush game is herewith given in detail as published in the St. Paul Daily News. Polo Grounds, New York, Oct. 9.—The sluggers have triumphed once and the old master evened up by yesterday's game, the third argument between the Athletics and Giants was to be solved this afternoon. When the smoke has blown away, Connie Mack's answer as to what he will do after Bender and Plank had put in their work, will be in.

Thirty thousand wild-eyed fans were packed in the Polo grounds when time was called. Mack's younger pitchers are unknown in a world's series conflict. If they waver, his master mind must solve the problem of manipulation of his battery so that the strongest fire may be concentrated on the Giant advance.

McGraw faces the problem of crippled players. Merkle unexpectedly returned to the game today. If he goes through, his batting will help out. The weather was unsettled. Shortly before play was called it was dark. This promised ideal conditions for Tesreau's fast shoots.

The umpires were: Rigger behind the bat, Connolly on the bases, Klem left field and Egan right field.

Connie Mack sent out Shawkey and Bush to warm up. Plank stood close by and watched their shoots. Mack withheld the announcement of his battery until the last minute. He then chose young Leslie Bush, the Brainerd, Minn., phenom.

FIRST INNING
Athletics—E. Murphy allowed the first ball to float over. It was a strike. Murphy went out, Fletcher to Merkle. His attempt was an easy roller to short. Oldring singled to enter. It was a sharp rap, which shaver ran in and tried to field. Oldring to third. His hit was a vicious bouncer which Doyle could not reach. Baker swung hard at the first one, but missed. He repeated on the second, with the same result. Baker singled through short, scoring Oldring. Collins taking second. McLean went to the pitcher's box for a conference with Tesreau.

Collins and Baker worked a double steal. They had such a lead on Tesreau's windup that McLean did not attempt to throw. McInnis struck out and when McLean dropped the last strike was tossed out to Merkle. Strunk got three balls and then bled one. He then hit to Fletcher and Collins and Baker scored and Strunk reached second on Fletcher's wild throw over Merkle's head. Barry popped to Fletcher.

Three runs, three hits, one error. The Philadelphia fans went wild during the first inning at the way the athletic battery went to Tesreau. Left was putting two strikes over on each batter and on his third attempt Oldring, Collins and Baker each connected safely.

Giants—Herzog out, Barry to McInnis. He waited for three and two before swinging on one of the Athletic youngster's offerings. Bush gave Doyle two balls, but split the plate with the third. Doyle bounced a hit off Bush's glove, which the pitcher barely was able to knock down, but could not field.

Bush threw to first repeatedly to keep Doyle frozen to first. He was ed into this by an attempted steal by Doyle, which was balked when Fletcher fouled off one. Fletcher was hit by a pitched ball and went to first. Bush gave Burns two straight balls. Both were far from the heart of the plate. Doyle was worrying Bush by dancing off second as though ready to steal. Burns popped to Collins, who tossed to Barry, doubling up Doyle.

No runs, one hit, no errors. Starting off with a good lead of three runs, young Bush was soon in a bad hole when he had Doyle and Fletcher on bases with only one out.

WORLD'S SERIES BASEBALL SCORE

Special to Dispatch:

Philadelphia, Oct. 10.—The Athletics won the fourth game of the world's series by a 6 to 5 score, and it now stands three games for Philadelphia and one for New York.

Result by innings:

N. Y. -----0 0 0 0 0 3 2 0—5
Phila. -----0 1 0 3 2 0 0 0 x—6
r h e
N. Y. -----5 8 2
Phila. -----6 9 0

Batteries—Demaree and Marquard, Wilson and McLean for New York. Bender and Schang for Philadelphia.

Burns up. His control was bad. A fast double play saved him.

SECOND INNING.

Athletics—Schang was called out on strikes. Tesreau outguessed him on the last one. Bush fled to Murray. Murphy beat out a hit to Fletcher. Tesreau worked him into swinging hard at two before he connected safely. Oldring singled to right, putting Murphy on third. Oldring hit the first ball pitched. Oldring stole second, McLean's throw was too high for Doyle to put the ball on the runner. Collins singled to center, scoring Murphy and Oldring. The stands went wild. Tesreau took his time before pitching to Baker. Doyle and McLean advised with him. Baker forced Collins to Doyle unassisted.

Three runs, three hits, no errors. Doyle made a remarkable one-handed stop of Baker's liner running at full speed. He dashed over to second for the force out. This headed off another threatened batting rally.

Giants—Shaffer out, Collins to McInnis. Murray flew to Collins. It was a high one which just cleared the infield. Collins backed up for it. Bush put the first to McLean squarely over the plate.

Larry swung at the second and missed. The next two were balls. McLean popped a high foul to Schang. No runs, no hits, no errors.

This inning Bush began to show some of the form which Connie Mack says he has. His control was better and he split the pan for the Giant batters when they attempted to wait him out. He was cool and was pitching with his head as much as with his arm.

THIRD INNING.
Athletics—McInnis fled out to Burns. He hit the first ball pitched. Tesreau appeared to be laboring hard. Strunk fled to Burns.

He waited for two balls and one strike, before hitting. Tesreau threw Barry a ball and then split the pan twice. Barry popped a foul to McLean.

No runs, no hits, no errors. In contrast to the work of Bush, Tesreau appeared to be putting everything he had on every ball he pitched to McInnis, Strunk and Barry, who went out in order in the Athletics' half of the third. He had steadied somewhat and his control was better, but it was obvious that he was working hard.

Giants—Merkle flew to Strunk. Bush was still taking it easy. Tesreau was given a hand when he came to bat. Tesreau struck out on three pitched balls. He swung hard at two and one was called. Herzog kept up a rapid fire of comments directed at Bush. The latter responded by slipping over two strikes on him. Herzog then popped to Collins.

No runs, no hits, no errors. This was the first inning in which the Athletics have failed to score on Tesreau. He disposed of them in order and did not allow a hit. Bush did the same with the Giants.

FOURTH INNING
Athletics—Schang struck out. He swung hard at the last one. Bush was given a great hand as he came to the plate.

Bush singled to center. Burns ran over and made a hard try at it, but could not quite reach the ball. Murphy fled to Shaffer. He hit the first ball pitched. No runs, one hit, no errors.

Bush coming through with a single in the Athletics' half of the fourth.

again brought the dread ahead of the batting order up to Tesreau, with one man out. He showed he was going better by disposing of Murphy and Oldring in order.

Fletcher stole second, Schang's throw was a little to the left of the base and low, but Barry held it. Shaffer out, Collins to McInnis.

No runs, one hit, no errors. Fletcher's infield single of the Giants' fourth was the second hit made off Bush up to this point. Neither of the safe knocks had a very healthy complexion. They did not carry a solid crack.

FIFTH INNING
Athletics—Collins sent a long one to right which went foul only by a few inches. The crowd groaned in sympathy. Collins fled to Murray. Baker fled to Fletcher back of third. McInnis fled to Murray.

No runs, no hits, no errors. Collins' foul drive, which went crashing against the concrete wall of the right field stands, was the hardest hit ball off Tesreau. Murray stole second and Schang threw low to get him and when the ball rolled away from Collins and into right field, Murray took third on Schang's error. McLean hit straight through Baker, scoring Murray. The crowd was rooting and yelling like made. Cooper runs for McLean.

Merkle fled to Murphy. Cooper stole second. Schang did not have the range and his throw was again too high to catch the runner. Tesreau out, Baker to McInnis, Cooper taking third, Herzog out, Schang to McInnis. One run, one hit, one error.

Bush found himself in a tight place in the fifth when Murray reached second by a steal and then went to third on Schang's bad throw. McLean's single brought Red in and it looked as though the Giant batting rally was about due. He managed to get away with Merkle. Tesreau and Herzog in order, however, and came through with the single run chalked against him. He showed that he had the nerve.

SIXTH INNING
Athletics—Wilson relieved McLean behind the bat. Strunk fled to Burns. The count was two balls and two strikes before Strunk connected. Barry singled to right. It was his first hit of the game.

Schang fouled one into the left field stands. A few feet to the right and he would have pulled a "Baker". Schang sent a high foul to Wilson.

Bush fled to Doyle in short right center.

No runs, one hit, no errors. Wilson gave Tesreau great assist.

THE BUSH GAME

IN DETAIL

(Continued from page three)

ance in this inning by running down a high foul from Schang's bat after Barry had singled. Tesreau appeared to be going well, however, and was shooting them over at top speed. Doyle ran back for Bush's fly.

Giants—Doyle out, McInnis unassisted. Larry had a ball and strike called on him and then missed when he attempted to bunt. His final effort was easy for McInnis.

Fletcher waited and drew a base on balls. Bush threw three straight balls and did not have his usual good break at the windup.

Burns hit into a double play, Bush to Barry to McInnis.

No runs, no hits, no errors. The double play on Fletcher and Burns was pulled off with lightning speed. Bush knocked down Burns' bounder and shot it to Barry, who made a quick throw to first.

SEVENTH INNING

Athletics—Murphy singled solidly to right. It was his second hit of the game. Tesreau then faced O'Rourke, Collins and Baker with a man on base and none out.

O'Rourke forced Murphy, Fletcher to Doyle. His attempt was a sharp bounder to the shortstop. The Giant infield showed slow in contrast with the Athletics on the play. Doyle's inability to recover himself quickly enough to throw to first preventing a possible double play. When Tesreau gave Collins a high fast ball he drove it foul into the right field stand.

He missed a home run only by inches. Collins tripled down the right foul line, scoring O'Rourke. His hit was a solid smash, which bounced off the concrete wall of the right field stand. Tesreau then faced Baker.

Baker singled through second, scoring Collins. Tesreau went back for a conference with Doyle and Fletcher. Tesreau was then relieved, Crandall taking his place.

The Athletics had touched Tesreau

for 11 hits and 7 runs in the six and one-half innings he had pitched. McInnis fled to Doyle, who touched out Baker on the line.

Two runs, three hits, no errors. Doyle's double play unassisted was the feature of the seventh inning, which saw the final blow of Tesreau.

The Giant captain made a brilliant jump and one-handed catch of a sizzling line drive from McInnis' bat and then completed the performance by putting the ball on Baker as the latter ran to second.

Giants—Shafer opened the inning with a double down the left foul line. This was the second extra base hit registered by the Giants during the series.

Murray singled to left center, scoring Shafer. Oldring made a remarkable try to field the hit. He dived headlong at the ball without stretched hands, rolled over and over but could not make the catch.

The stands roared their approval of Murray's hit and Oldring's brave try. Murray out, stealing, Schang to Collins, when Wilson fanned. It was the first successful throw to second by Schang during the game.

Merkle walked. This was the third pass issued by Bush. He got over but one strike on Merkle. Wiltse runs for Markle.

Crandall out, Collins to McInnis. One run, two hits, no errors.

Bush faced the worst situation up to this stage of the game in the seventh, when Shafer led off with a double. Murray singled, scoring him with no one out. A fast throw by Schang, which nipped Murray in an attempt to steal, was a big help and nipped a threatened batting rally.

EIGHTH INNING

Athletics—Strunk went out on the second ball pitched, Crandall to Wiltse. Wiltse went to first for Merkle in the eighth inning. Barry also went out, Crandall to Wiltse. Old Doc did not have to step from the pitcher's box to field either of the taps.

The crowd rose to its feet as one man and threw hats in the ring and cheered Schang as he hit into the right field grandstand for a home run. Home Run Baker ran to Schang shaking hands with him.

Bush fanned.

One run, one hit, no errors.

The home run drive of Schang's was a powerful blow as that produced by Baker in the first game Tuesday. It sailed high and true into the corner of the lower tier of the right field stands. Crandall had disposed of

two men from the pitcher's box before Schang delivered.

Giants—Herzog lined to Baker. Doyle out to McInnis unassisted. He sent a bounder straight into Stuff's hands by the bag.

Fletcher fouled to Schang. No runs, no hits, no errors.

Bush had the Giants' batters at his mercy. They did not get a ball outside the infield.

NINTH INNING

Athletics—Murphy fled to Murray, Oldring fouled to Herzog. Collins fled to Shafer. No runs, no hits, no errors.

Giants—Burns fled to Murphy. Shafer walked. Murray forced Shafer. Wilson out. No runs.
